Non-Thesis Request for Exception to CAND 99100 + 1 CR Enrollment

This exception request is for **non-thesis** Master's graduate students in Purdue programs who do not require course enrollment in their last semester – only graduation. Exception to enroll directly into CAND 99200 will be granted and course permission established for students meeting all requirements. Department must sign and submit this form for request to be valid.

Status in the semester of graduation (choose one)

I have completed all required coursework for my degree and all grades for my plan of study are on my transcript

I have an incomplete grade or unfinished project which does not require course enrollment; plan of study will be complete with this grade.

Please acknowledge the following:

My Plan of Study GPA is at or above the minimum to graduate and I have met all graduation criteria for my non-thesis Master's (with exception of any above-noted incompletes which must be recorded by the end of semester classes)

I acknowledge that if I directly enroll in CAND 99200 and then change my mind, I will need to enroll instead in CAND 99100 plus 1 credit of fee-bearing enrollment (and any late fees are my responsibility)

I understand CAND 99200 is a one-time opportunity; if I do not graduate while enrolled in 99200, I will have an "F" on my transcript in CAND and I will need to enroll in CAND 99100 plus 1 credit of fee-bearing enrollment *in a subsequent semester* to finish my degree

International students only:

I understand that it is my responsibility to learn how CAND 99200 *non-full-time enrollment* will impact my visa status by working with International Affairs student services

I acknowledge that by approving this request for exception, the IUPUI Graduate Office is not responsible for any impact this may have on my visa status – that is my responsibility
